Overview

Pathfinder Defense LLC. located in Powell, Wyoming is a 07 FFL/02 SOT and 08 FFL/01 SOT. My focus is on weapon system development and distribution for military and law enforcement agencies throughout Wyoming and surrounding states. I offer demos of all firearms available, transfers, custom builds, and orders. As well as gunsmithing/troubleshooting current weapon systems and conversions of existing agency weapons to NFA/"Other". I am also a registered USMIL importer/exporter of firearms, ammunition, implements of war.

I am currently serving departments in Wyoming, North Dakota, Ohio.

Department/Agency Trade In

Pathfinder Defense is always looking for police trade ins. Will pay top dollar for Un-used; Old; Surplus department weapons (including semi autos, machine guns, silencers); Confiscated; Surrendered; Crime firearms.

Most police agencies do not want to be in the position of gun dealer in marketing and selling their surplus firearms. I am not a broker and act as principal in every transaction resulting in fast quotes and payments.

Pathfinder defense can ensure that the firearms enter legal channels and guarantees that your agency is free of liability from possessing old and worn weapons in inventory as well as alleviates the fears that the weapons will fall into unqualified hands.

Pathfinder Defense also offers trade up, Trade in your old stuff toward new stuff. We'll simply work out a trade of your old gear, guns, or confiscated property towards the acquisition of your brand-new guns/ gear. More often than not, I can set you up with new guns at no cost to the department whatsoever. Give us your list of your old guns and gear, and your wish list of new stuff.

Laser Engraving also available for all products at no additional cost, "Restricted/LE Use", "Custom Logos" or "Inventory Management codes". Meets and exceeds ATF depth and height requirements.

I handle all paperwork involved, Form 2 and Form 5
Each rifle comes with 1 - 30 Round P-MAG
Optics also available.
All parts substitutes welcome.

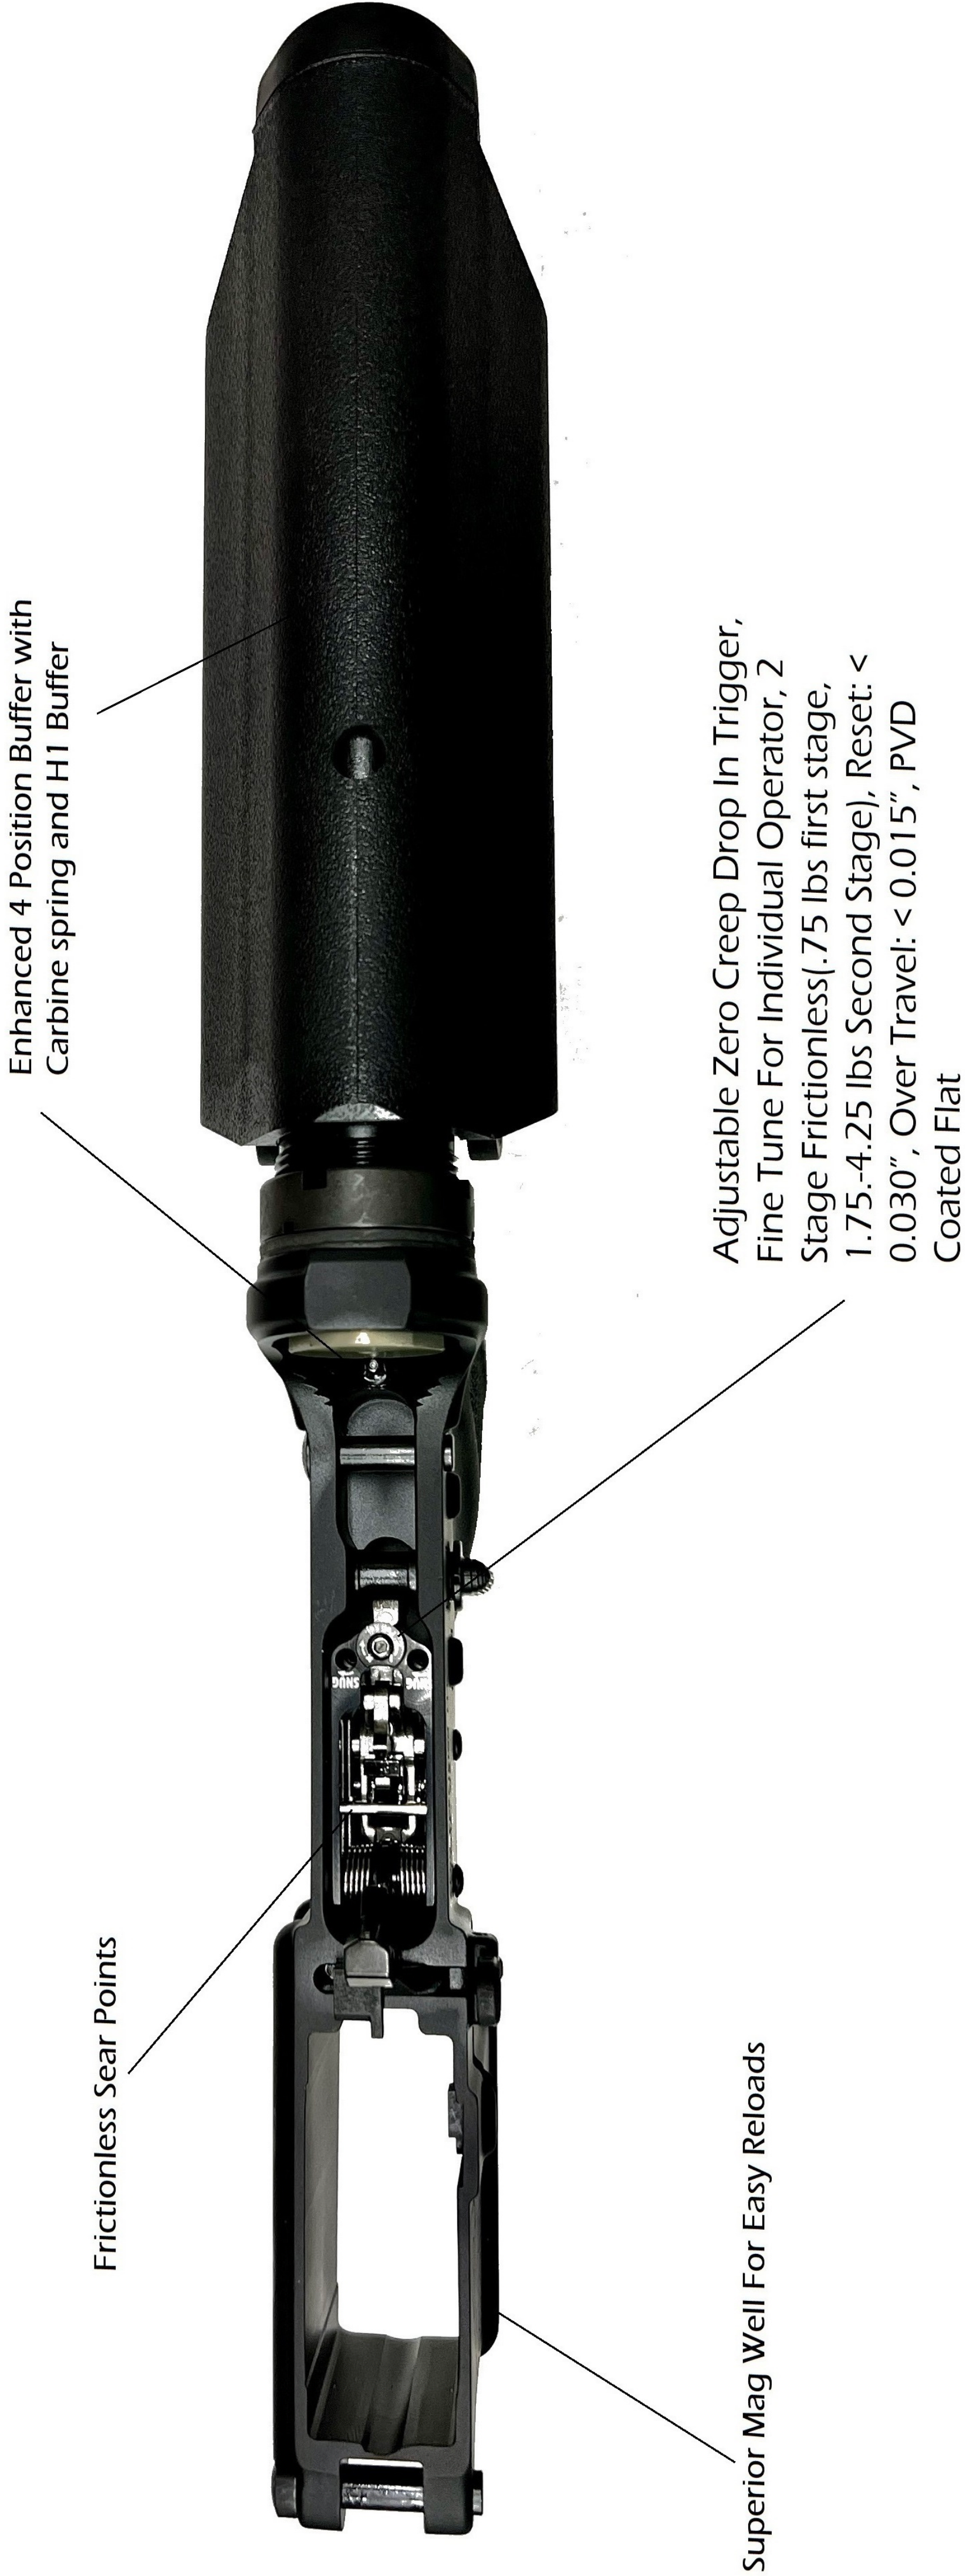

Weight Reduction in this configuration in some cases is half
of existing weapons.

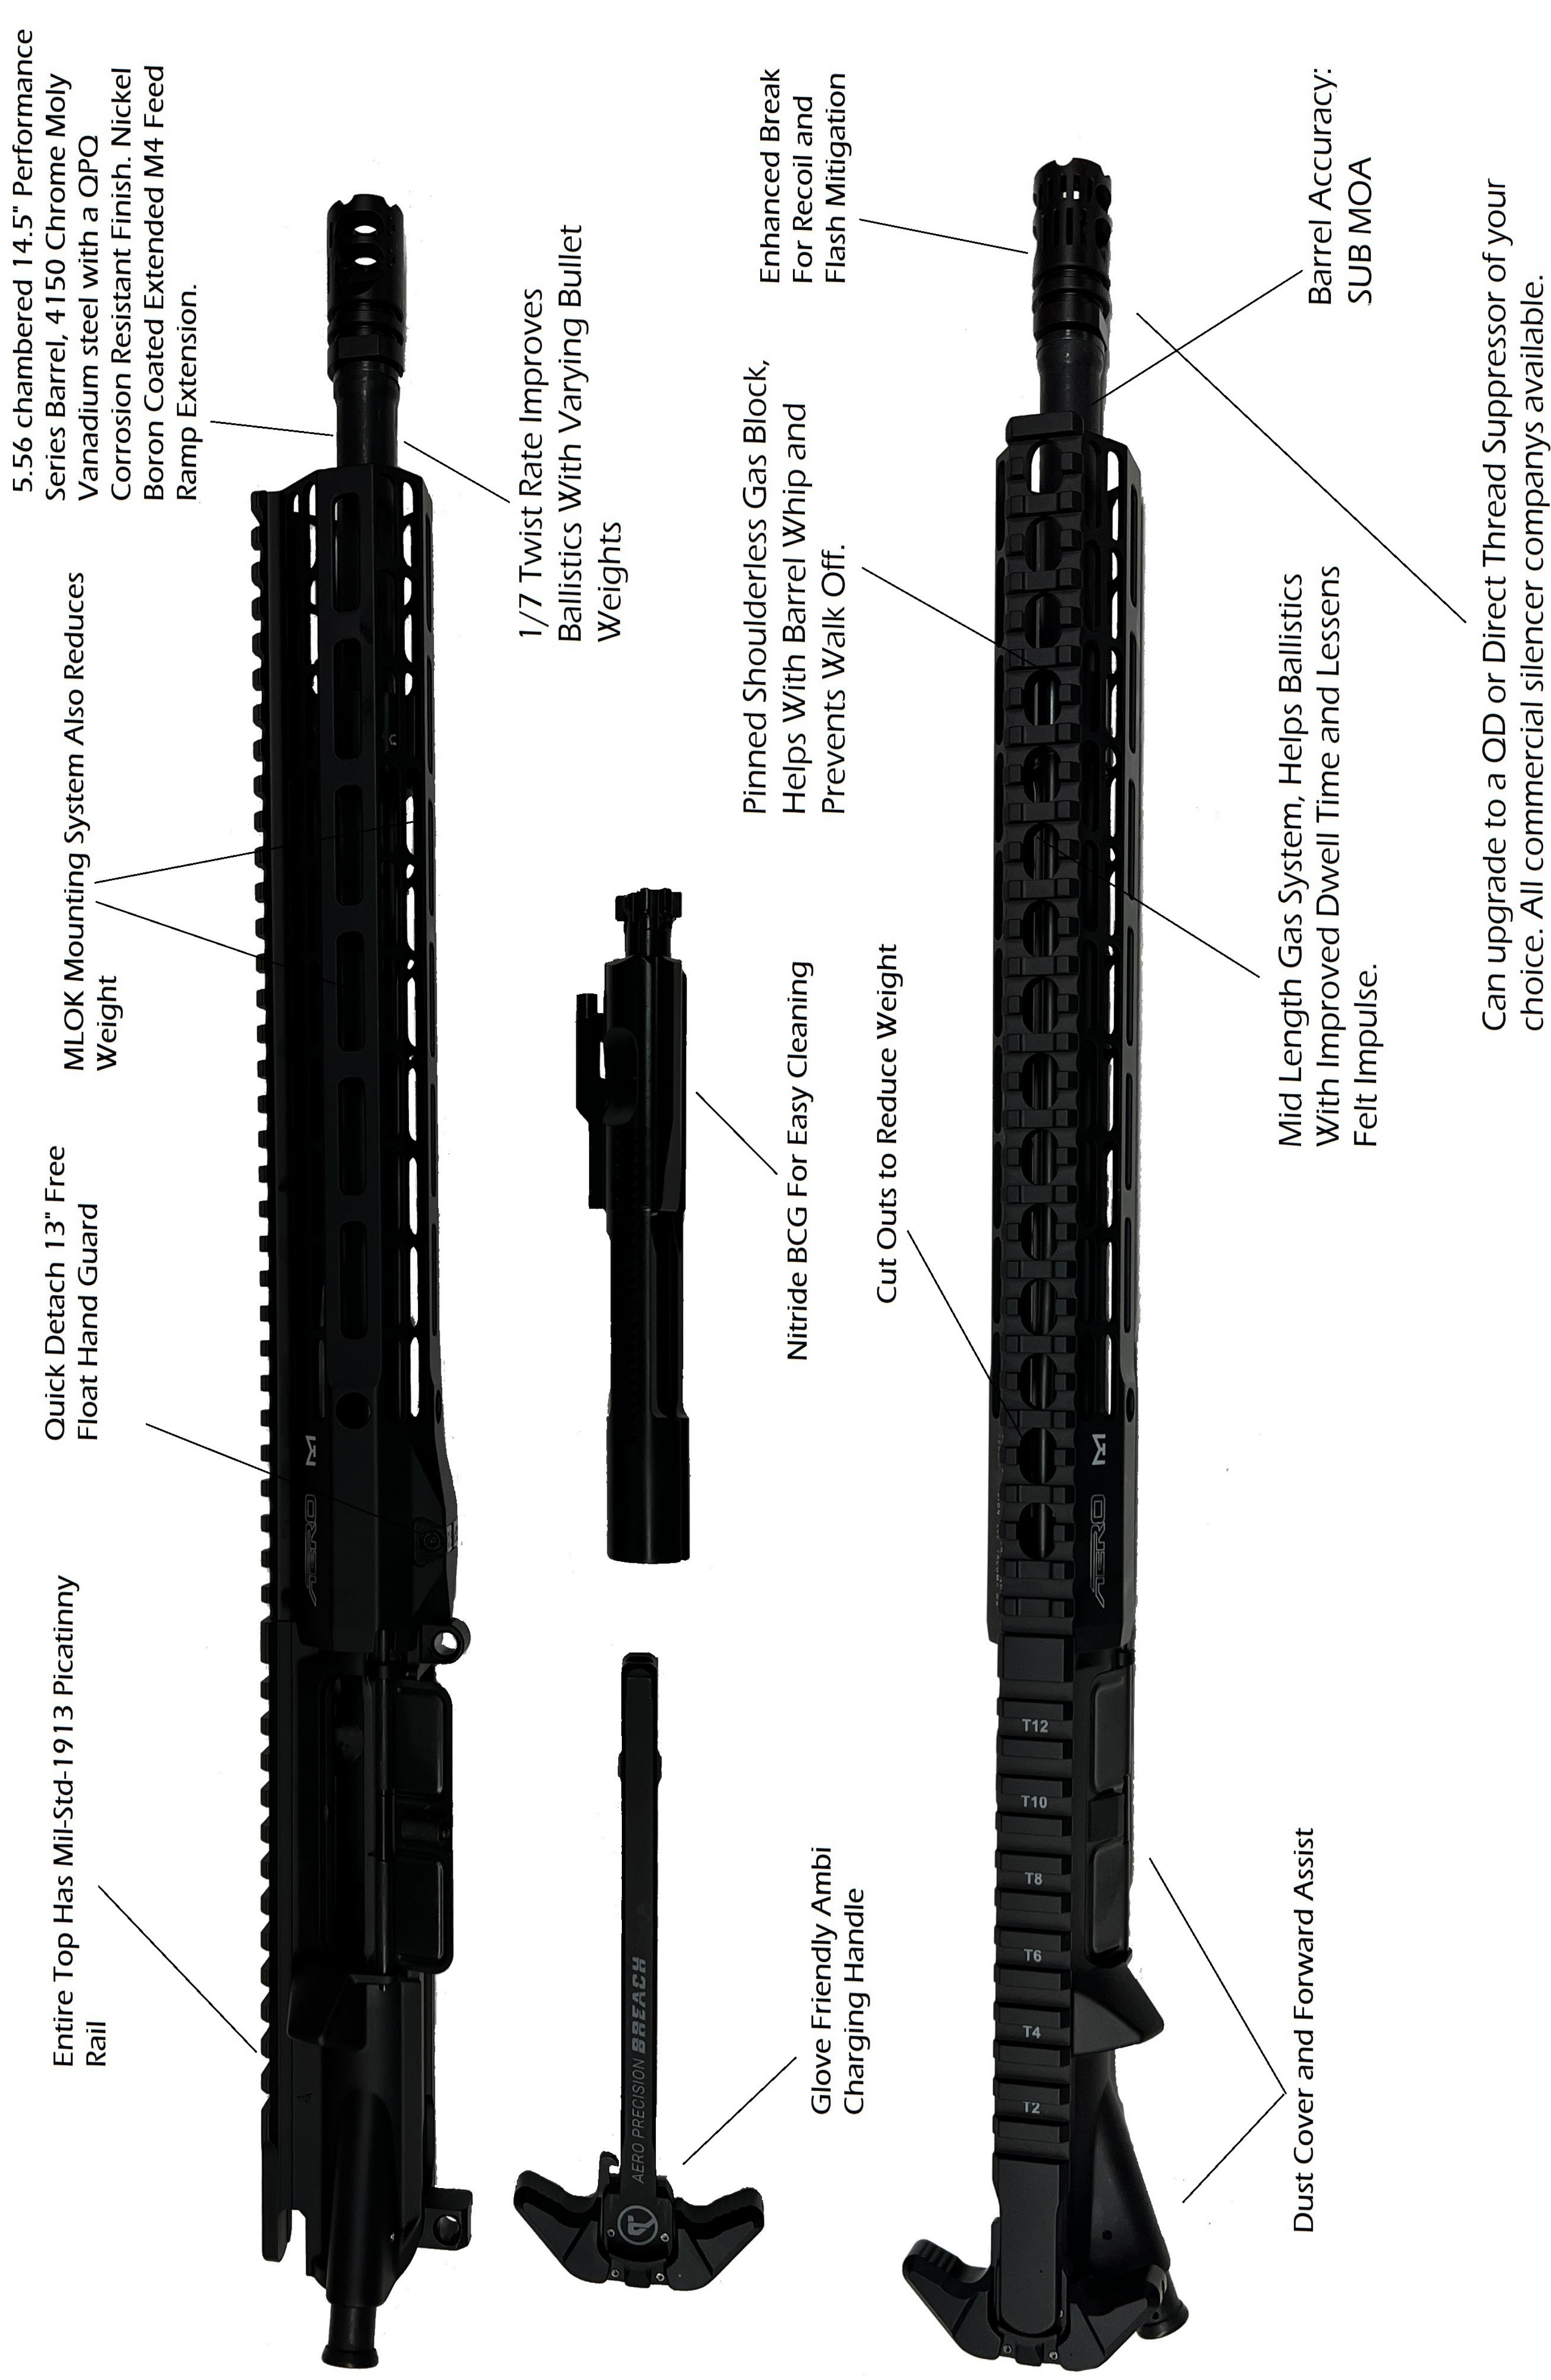

SBR Lower Receiver is the Registered Part Allows For Changes To The Upper Without Reclassification

Glove Friendly Enhanced Trigger Guard

Glove Friendly Flat PVD Trigger

For a quote or if you have any questions or would like a demonstration of firearms or silencers. Please feel free to contact me 24 Hours a day.

Thank you and Kind Regards.
